**** Note the two stitch markers on the side of the head in photo. These are placed to mark where the ears should go. I put my sample glasses on the nose and held them in place while I attached the markers. ← Important, please do not skip.**

Ears (make 2):

1. MC or ring 6.
2. Inc in each stitch to 12.
3. (1 sc, inc) around 6 times to 18, sl st, bind off and leave tail for attaching.

Optional Steps:

Mustache:

Wrap 4 fingers with yarn, slide off hand and cut once to make strings. Using hook, insert into a stitch, loop yarn string over hook, pull through, pull ends through and tighten. Repeat this step until the mustache is two rows and about even on either side.

Using your yarn needle, begin unraveling the loose ends sticking out. With slicker brush, brush out ends until poofy. Follow same steps for hair. Trim to desired length, and you will be left with these adorable little folks:
